Class Description

Join MWUA, the Maine DWP, the Maine DEP, and your colleagues from around the state for a series focusing on the State of Your Water World! We will cover water and wastewater topics ranging from procurement delays, construction material prices, to regulations, PFAS, and beyond!

Each panelist will take the lead on a few topics presenting their take on where we are at with it before opening it up to discussion among the whole panel. Make sure to bring your scenarios and questions as each session will have time for interaction with the attendees. We'll see you there!
