ACTIVE SHOOTER PREPAREDNESS WEBINAR

Thursday, April 18, 2024
1:00 p.m. EDT

THIS IS NOT A TACTICAL TRAINING COURSE

The Cybersecurity and Infrastructure Security Agency (**CISA**), **Region 1 (Connecticut, Massachusetts, Maine, New Hampshire, Rhode Island, and Vermont)** invites you to join a two-hour security webinar to enhance your organization's resilience in case of an active shooter incident.

Preparing employees for a potential active shooter event is an integral component of an organization's incident response planning. Because active shooter incidents are unpredictable and evolve quickly, preparing for and knowing what to do in an active shooter situation can be the difference between life and death. Every second counts.

Objectives
- Provide information about best practices, communications protocols, and resources that will assist stakeholders to develop or enhance their emergency planning, preparedness, and response to active shooter incidents.
- Discuss the elements of active shooter incident response planning with guidance from expert instructors.
- Describe common behaviors, conditions, and situations associated with active shooter events.
- Discuss how to recognize potential workplace violence indicators.

Agenda Overview
- **Recognition**: Defining the threat
- **Prevention**: Strategies to help prevent an incident
- **Protection**: Security measure considerations
- **Mitigation**: Actions to minimize consequences
- **Response**: Options/Expectations during an incident
- **Recovery**: Transitioning to a "new normal"
- **Introduction to Emergency Action Plan Development**

- Registration for this event is free.
- To register visit: https://forms.office.com/g/ReDwdSsZRX

Registration is limited to 475 participants and will close no later than April 17, 2024 at noon (12:00 p.m.) EDT.

For information and resources visit: cisa.gov/topics/physical-security/active-shooter-preparedness.

Products and information can be requested by email at ASworkshop@cisa.dhs.gov.

Note: The information (link) to connect the day of the webinar will be sent by email seven days prior to the event.
