Your Instructors:

Peter Coughlan, P.E. – Director

Maine Local Roads Center

Peter has trained thousands of municipal, State, utility, and private personnel and served as the primary trainer for work zone trainings since 1993. His classes are famous for his hands-on and interactive approach to the practical, legal, and common-sense aspects of work zone traffic control in Maine.

Bob Moody, P.E. – VAS Manager at

EJ Prescott

Bob attended university at the University of Maine. He has served in many different roles at EJ Prescott from an Inside Sales Representative to the Safety & Training Manager to the VAS & AMR Manager. He now serves the industry as the VAS Manager. Bob is a skilled and knowledgeable training instructor.

Class Description

Join Maine Local Roads Center and EJ Prescott for this hands-on class on work zone traffic control, flaggers, and excavations. This class will have a focus on scenario and group-based learning. Topics covered are included in the agenda below. Between planned projects and emergencies, work zones are being set up again and again by water and wastewater utilities. Don't miss out on this important information!

Class Agenda

- Legal liability
- Work zone and excavation hazards
- Traffic control devices: using signs, cones, barricades, and flaggers
- Traffic control zones
- Flagging do's and don'ts
- Considerations prior to excavation
- Excavation do's and don'ts
- Q&A
